        The story behind the guide – and the standard behind every entry.
      </p>

      <p style={p}>
        Open Road Guide began with a habit I have never been able to shake: I c
        place without wanting to know its story. The mountain that used to be a
        highway almost missed. The reason the road bends where it does. More of
        answer turns out to be more interesting than the view.

```

```

</p>
<p style={p}>
  I'm JoAnn. I am not an institution or a tourism board – I am a cur
  inquiring mind and a long-standing weakness for the history and geology
  sight along American roads. Open Road Guide is where I collect what I f
</p>
<p style={p}>
  The aim is simple: build the road-trip guide I always wanted and could
  one that tells you not just where to stop, but why the place is worth s
  point of interest and every story here is researched first and checked
  before it goes up. I would rather leave something out than make it up.
  state mapped in full; more of the country is on the way.
